Re: RE: Ash Grove Cement Company Response Updates to First Request for Information,
CERCLA Section 104(e)

Addresses: 13939 N. Rivergate Blvd., Portland, OR 97203
3737 N. Port Center Way, Portland, OR 97217

Dear Ms. Koch:

Ash Grove Cement Company ("Ash Grove") received EPA's First Request for Information ("RFI") regarding the Portland Harbor Superfund Site on January 21, 2008. Ash Grove submitted its responses in October, 2008.

The Request for Information includes an obligation to supplement the original responses. The two enclosed disks include Ash Grove's supplemental answers to certain questions, those for which the company has additional or corrected information. The first of the two disks enclosed contains Ash Grove's narrative answers and referenced documents. Some documents have been redacted to remove confidential business information. A second disk, labeled "Contemporaneous Updates - CBI Disk" includes unredacted versions of those documents. Ash Grove requests that EPA and its contractors keep those documents confidential.

Please let me know if you have any questions.

Very truly yours,

USEPA SF
